PURPOSE

To advise you that investigation conducted from December 11, 1946, to date in the entitled case has failed to disclose evidence of violations of Federal laws within the Bureau's primary investigative jurisdiction.

BACKGROUND

Siegel was the subject of an intensive investigation handled by a special squad of approximately ten agents during the period from July 23d to October 18, 1946. In order to closely follow the activities of Siegel, five technical surveillances were installed at Los Angeles, California, and two at Las Vegas, Nevada, but the investigation failed to reflect that Siegel was engaged in violations within the Bureau's jurisdiction.

Investigation conducted since December 11, 1946, has disclosed that Siegel's activities have been confined principally to his interests in the Flamingo Hotel, Las Vegas, Nevada, and the Trans American News, a racing news service. In connection with the above enterprises, Siegel has made various trips between Las Vegas, Nevada, and Los Angeles, California.

The Flamingo Hotel and Casino opened on December 26, 1946, and is reportedly in financial difficulties.

[REDACTED] Siegel and his mistress, Virginia Hill, are presently planning a ten-day vacation at a California resort beginning on January 15, 1947, and [REDACTED] will take over Siegel's quarters at the Last Frontier Hotel, Las Vegas, during this period and will be in charge of the Flamingo Hotel. Information has been developed that the Trans American News has been using a short-wave radio to relay racing information from the Santa Anita Race-track in California indicating a possible violation of the Federal Communication Commission regulations, and that Trans American is attempting to oust the Continental Press, the competitive racing news service, in various western states including Oregon, California, and Nevada.

Memo to Mr. Rosen

Intensive investigation, including the use of informants, physical technical and microphone surveillances [redacted] b6
[redacted] has failed to disclose violations by him within the Bureau's jurisdiction. Information has been developed indicating Siegel associates with individuals suspected of handling narcotics and smuggling, but no evidence has been established concerning Siegel's participation in these alleged violations.

With respect to Siegel's mistress, Virginia Hill, investigation has not disclosed that the source of her income is through the violation of laws within the Bureau's jurisdiction. [redacted] b7c

[redacted] Hill previously contemplated a trip to Mexico City in January, 1947, but apparently is cancelling this trip in order to vacation with Siegel at a California resort. She has recently purchased a large home at Miami Beach, Florida, and has indicated she may spend part of the winter in Florida.

With respect to the associates of Siegel and Hill, investigation has not disclosed violations under the Bureau's jurisdiction. [redacted] b7c

[redacted] are all associated with Siegel in the Trans American News and it has been ascertained that [redacted]

In addition to the Agent personnel assigned to this investigation, technical surveillances are being maintained at the Las Vegas Club and the Last Frontier Hotel at Las Vegas, Nevada. The Salt Lake City Field Division has now requested authority to discontinue the technical surveillance at the Las Vegas Club and to install such a surveillance at the Flamingo Hotel.

RECOMMENDATION

The results of this investigation to date do not appear to warrant the continued use of the Agent personnel necessary to conduct this investigation and to maintain the technical surveillances. Inasmuch as no specific information has been developed indicating violations within the Bureau's jurisdiction, it is recommended that consideration be given to discontinuing further investigation in this matter.

I reluctantly concur in the attached recommendation that the Bureau at this time discontinue all active investigation of "Bugs" Siegel, including the maintenance of technical and physical surveillances. Since early July we have expended some 1,000 agent days of investigative effort in coverage of Siegel and his activities without developing any scintilla of evidence of any activities in violation of Federal statutes within the Bureau's jurisdiction. If there was even color of a Bureau violation, I would be inclined to hang on and make a vigorous effort to establish case, but actually, after 6 months of almost constant coverage, we still have nothing. I believe, consequently, we should discontinue all coverage at this time and make a spot check of Siegel's activities about the middle of July; in other words, after a lapse of about 6 months.

As the Bureau is aware from Crime Survey Reports from this office, [REDACTED] associates with the hoodlum element here [REDACTED]

[REDACTED] is a Cleveland hoodlum who has been in Los Angeles approximately ten days and has had extensive dealings [REDACTED] since his arrival.

[REDACTED]

I have talked to Agent [REDACTED] about [REDACTED]. He tells me that his association with them is caused by his having worked the [REDACTED] case with them and that his being called out here on subpoena with them. However, he has known them in New York for some time and has worked primarily with [REDACTED]

[REDACTED] At the time [REDACTED] was apprehended in New York and Los Angeles officials came East [REDACTED] took them out to see the sights and [REDACTED] went along one evening to Rinky Moore's where [REDACTED] introduced him to one [REDACTED]

[REDACTED] said he was in New York for the CORN-LOUIS fight.

[REDACTED]

[REDACTED] stated that [REDACTED] are assigned to the shoe tracks in New York. They are members of the main office squad. [REDACTED] said that he knows a lot of the hoodlum element and uses them for his information. Agent [REDACTED] said, however, that he has taken this with a grain of salt.

Re: BENJAMIN "BUGS" SIEGAL, with aliases

Agent [redacted] was asked if he has met any of [redacted] friends since they arrived and he said that he was introduced by them to one [redacted] who has been up in their rooms apparently in connection with the case. [redacted] is related to the Brooklyn family of the same name. Otherwise Agent [redacted] has not been made acquainted with any of their friends although knows that [redacted] particularly has made many telephone calls since they arrived. Agent [redacted] stated that he has not gone out with these men on any of their parties or engagements.

It was suggested to him that he refrain from associating with them socially while he is here as it appears that some members of the hoodlum element in Los Angeles are close [redacted] might get himself involved in an embarrassing situation if he associates with them socially. It was also suggested to Agent [redacted] that he not return to New York with these men. He said he did not intend to as they expected to go by way of San Francisco and he expected to go directly back.

Agent [redacted] pointed out that he felt that [redacted]

It was suggested to Agent [redacted] that should any discussion come up with respect to the hoodlum element in Los Angeles that he take particular note of what is said and give this office the information which he is able to glean from conversations.

RECOMMENDATION

It is recommended that the technicals in operation at Las Vegas be discontinued in view of the unproductivity and that no authority be granted to install a technical at the Flamingo Hotel. A review of the information submitted by the Salt Lake City Division reflects that [REDACTED] therefore, it is believed that the technicals can be eliminated. b7C b7D

ACTION TO BE TAKEN

It is recommended that the attached teletype to the Salt Lake City and Los Angeles Offices be dispatched.

PURPOSE

To advise that the Los Angeles Office has requested the continuance of the technical surveillances in operation at Las Vegas, Nevada, to cover the activities of [REDACTED] who is replacing Siegel during his absence. The Salt Lake City Office had previously requested the discontinuance of the technical surveillance at the Turf Club in Las Vegas, Nevada, and the Bureau authorized this discontinuance in view of the unproductivity of the informants. *b2*

BACKGROUND

On December 1, 1946, a technical and microphone surveillance was installed at the Last Frontier Hotel, Las Vegas, Nevada, covering the suite occupied by Siegel and Virginia Hill. Subsequently, the Los Angeles and Salt Lake City Divisions strongly recommended that a telephone surveillance be authorized on the Las Vegas Club in order to fully cover the activities of Siegel while in Las Vegas. In view of the strong recommendations of SACs Hood and Newman, authority was granted on December 11, 1946, for a technical surveillance covering long distance lines 1,2,3 and 4 at the Las Vegas Club, Las Vegas, Nevada. *G.I.R-5*

The technical surveillances at Las Vegas covering the Las Vegas Club and the suite at the Last Frontier Hotel were operated [REDACTED] Agents of the Los Angeles Office were assigned to handle the operations of these technicals and at the present time are handling the technical surveillances. *b7E*

Recently information has been received that Siegel intends to depart from Las Vegas. His itinerary is indefinite at this time. He had previously advised [REDACTED] that he intended to go to New York around January 11, 1947, where he intended to remain for approximately two weeks and then go to Miami, Florida. On January 9, 1947, the Salt Lake City Field Division advised that the technical surveillance on the Las Vegas Turf Club was unproductive and Bureau authority was requested to discontinue this surveillance. At the same time, the Salt Lake City Division requested authority to place a technical surveillance on two long distance lines at the Flamingo Hotel, which was opened on the night of December 26, 1946. On January 10, 1947, the Bureau authorized the discontinuance of the technical surveillance at the Las Vegas Club and requested the Salt Lake City Office to furnish full details concerning the manner of installation at the Flamingo Hotel which would provide full security inasmuch as the Flamingo Hotel *b2 b7C*

In connection with Siegal it should be mentioned that through past experience it has been shown that it is difficult to maintain a physical surveillance on Siegal. (R) 4

For your information, "Bugs" Siegal has been identified with the underworld for a number of years. He originally came into prominence in the underworld during the prohibition days in New York City when he associated himself with Meyer Lansky and their gang skyrocketed in underworld circles as they became known as the "Bugs and Meyer mob." Before the 18th Amendment was repealed, Siegal and Lansky had acquired and controlled the Capital Distilleries, the King's Ransom Distilling Company, White Horse Scotch Distilling Company and several other whiskey distilleries and distributorships. After the repeal of prohibition, Siegal and Lansky began to decline in power and shortly thereafter disposed of their interests in the above mentioned companies. Thereafter, the gang began to break up and Siegal moved to California where he is presently operating. Since residing in Los Angeles, Siegal has been operating several bookmaking establishments and gambling joints. Recently, he and his associates constructed the Flamingo Hotel, which is located on the outskirts of Las Vegas, Nevada, and which is operated as a hotel and gambling club.

For your further information, Charles "Lucky" Luciano was born in Italy, November 11, 1897. He came to the United States in 1907 with his parents. At the early age of fourteen years, he was sent to the Brooklyn Truant School and in 1916 he served time for possessing narcotics. He was subsequently convicted in New York State Court on 62 out of 90 counts during June of 1936 on a charge of compulsory prostitution. Luciano was then committed to Dannemora Prison, Clinton, New York, during July of 1936. On February 8, 1943, Luciano made application for a suspension of the two 15 year sentences before Judge J. McCook in New York City. Judge McCook reportedly stated that Luciano had been useful in the war efforts of this country. It was the claim of Attorney George Wolf, counsel for Luciano, that both Army and Navy personnel had sought Luciano's assistance. Accordingly, Governor Thomas E. Dewey of New York paroled Luciano on January 3, 1946, on the express condition that Luciano be deported. He was thereupon released to Immigration and Naturalization custody on February 2, 1946, and transported to Ellis Island, New York City. Luciano departed from the United States for Italy aboard the S.S. Laura Keane on February 10, 1946. Since Luciano's deportation to Italy numerous allegations have been received that he has left Italy and gone to other countries.

For your assistance, I am enclosing photographs of Luciano and Siegel, together with their FBI identification records. It is desired that this matter be handled immediately and the Bureau be advised by radiogram of the results of your inquiries.

JACK DRAGNA

CONFIDENTIAL - The following information concerning JACK DRAGNA was furnished to this office by [REDACTED] that portion of this report entitled "Background from Immigration and Naturalization Service" was naturally obtained from a local office of the Immigration and Naturalization Service and was not secured as a result of the efforts of [REDACTED]. Consequently, unless otherwise stated all information in this particular section of the report is to be attributed to the one informant. b2 b7c

ACTIVITIES IN CONNECTION WITH THE TRANS-AMERICAN NEWS SERVICE

[REDACTED] has been extremely active in helping DRAGNA get the new wire service started. [REDACTED] has been working from a list of local book makers contacting these persons either by telephone or in person and putting the proposition to them that they should switch their news service to the new organization. [REDACTED] has had many contacts with DRAGNA concerning the local book makers as to what each says and his reasons for not taking the service and it is apparently recognized that [REDACTED] a local book maker, is the "bell cow" as far as people in that type of work are concerned and DRAGNA and [REDACTED] have been most anxious to get [REDACTED] signed up. On one occasion [REDACTED] told DRAGNA that he had contacted everyone on his list and subsequently he and DRAGNA had a meeting at the former's apartment to discuss other individuals than those on the original listing given [REDACTED]. b2c

JACK has been in contact with [REDACTED] in Chicago and the latter has sent a crew out to Los Angeles to look over the situation at the Santa Anita race track and to furnish track information so that the new syndicate will not be hampered in its furnishing all race results. The informant stated that DRAGNA and [REDACTED] have been considerably embarrassed due to the fact they have been late on some races and have had to resort to "stealing" the news from the RAGAN news. Also an additional handicap has been the lack of telephones and DRAGNA has been somewhat hampered in obtaining instruments and facilities because of the vigilance of the telephone company. Indications exist that the telephone company is vigilantly watching the Trans-American News and if it learns that subterfuge has been used in obtaining instruments they will be removed. b2

[REDACTED] has contacted [REDACTED]

[REDACTED] among others. b2c

71722

has frequently spoken of the service as "our" and "my" service and both men have indicated that certain accounts which were hard to win over will be contacted by BENJAMIN "BUSHY" SIEGEL.

Local mobster and hoodlum, has entered the picture and has attended meetings at [redacted] apartment with the latter and JACK DRAGNA and has contacted certain book makers to induce them to take the news service. (It is known that [redacted] some months ago offered his services to DRAGNA in this regard and was turned down. The supposition is to be made that [redacted] cooperation was gained either by orders from persons in the syndicate or from the fact that DRAGNA has apparently been experiencing some difficulty in obtaining accounts.)

On October 26, 1946, the informant reported that DRAGNA told some unknown individual that he was of the opinion that [redacted] could swing certain accounts and DRAGNA mentioned that he has been in touch with [redacted] in New York. On other occasions DRAGNA has referred to [redacted] which is undoubtedly [redacted]

On November 16 [redacted] and JACK, in discussing the difficulties of getting the service started, stated that they were of the opinion that [redacted] was an individual who could "convince" certain book makers of the wisdom of taking the new service and [redacted] stated that he would get SIEGEL's O.K. to attempt to line up [redacted]

In connection with the track crew out here from Chicago to survey the Santa Anita situation and to get set-up for furnishing information, [redacted] is presently in Los Angeles staying at the Hollywood Drake Hotel. These reservations were made for him by [redacted]

[redacted] mentioned above, is an important figure so far as book makers go whose support can apparently swing other accounts and [redacted] and DRAGNA on November 4th last were discussing how best to get to [redacted] stated that he had made a telephone call to "our friend" who said words to the effect that they should not worry that they would get the [redacted] business. (It is known that [redacted] frequently contacts SIEGEL in connection with accounts they are desirous of getting.)

DRAGNA on different occasions has mentioned putting the screws on certain persons and [redacted] has cautioned DRAGNA to use tact in some of these approaches.

71723

CONTACTS OF DRAGNA SINCE LAST REPORT

On November 13th last informant stated that JACK DRAGNA had a long distance conversation with a person believed to be [redacted] of Chicago and the informant learned that an individual named [redacted] (phonetic) was connected with the Commerce Commission and his wife were in Los Angeles. [redacted] wanted DRAGNA to have [redacted] to show [redacted] and his wife around Los Angeles. Further conversation was indulged in to the effect that [redacted] was a person who had gotten out of line in past years but was all right now. As a matter of fact the informant reported the exact conversation to be [redacted] was one of the boys back there and got out of line for a while but is O.K. now." The Bureau was advised by letter of this conversation because it was felt that in the event [redacted] were attached to a Federal Commerce Commission such information would be of value.

The informant also reported that DRAGNA had contacted [redacted] an investigator in the Los Angeles County District Attorney's Office. DRAGNA asked [redacted] if he knew [redacted] and the latter replied in the affirmative, saying that his full name was [redacted] b7

[redacted] DRAGNA made arrangements with [redacted] on November 14th last to get together to talk the matter over. According to the informant DRAGNA has made reference to the fact that he has "things fixed" in the Sheriff's Office. (From the above it is apparent that JACK DRAGNA, as previously indicated, is attempting to get to the Sheriff's Office in an effort to fix book making and is doing so through his contact in the District Attorney's Office.) b7c

[redacted] On November 14th the informant stated that [redacted] (phonetic) talked to [redacted] and was told that JACK had made [redacted] b7c

reservations at the Biltmore in [redacted] name. Later [redacted] told JACK that [redacted] had called and was now at the Biltmore.

On November 19, 1946, in a conversation between [redacted] and JACK DRAGNA, DRAGNA requested [redacted] to ask BENJAMIN "BUGSY" SIEGEL if he had gotten to one [redacted] local Los Angeles politician and tango game operator, in an effort to in turn influence [redacted] local "juice man" for the District Attorney's Office in Los Angeles County. In this discussion DRAGNA stated that only one word from BEN would be necessary and that BEN could do more by that word than any other individual. The conversation indicated that [redacted]

71725

42-2837.

was on "juice" only to a certain extent for the other wire service and they were desirous of making [redacted] their man in an effort to boost the Trans-American Service instead of knocking it. DRAGNA reportedly mentioned that only one word from BEN was necessary and that [redacted] had a lot of respect for BEN "you know what I mean". Further conversation between them reflected that they were whether [redacted] was pay-

ing off anyone in the Los Angeles County District Attorney's Office. DRAGNA advised that [redacted] is related to one [redacted] who has figured in local Los Angeles politics and police corruption operating pin ball machines in Los Angeles and tango game parlors in the Los Angeles Beach area. In the conversation DRAGNA indicated that [redacted] another local Los Angeles District Attorney "juice" man had been furnishing them information and evidently is co-operative with them.

[redacted] advised JACK DRAGNA that he thought that [redacted] local Los Angeles jail handsman and a friend of book makers and underworld characters including [redacted] and BENJAMIN "BUGSY" SIEGEL could possibly accomplish the same thing that SIEGEL could in contacting [redacted] however, DRAGNA stated that he thought SIEGEL could accomplish their purpose in just "one minute of talking". DRAGNA further advised that he was attempting to contact [redacted] and stop any appointment that [redacted] was attempting to make for DRAGNA to have an interview with [redacted] because he felt that [redacted] could be reached better through SIEGEL contacting [redacted]

As a result of information furnished by [redacted] a meeting between JACK and LOU DRAGNA in front of [redacted] Jewelry Store on Vine Street in Hollywood, was covered by Special Agents [redacted] on November 29th. DRAGNA was observed to meet a woman of approximately 30 years of age accompanied by an unknown male individual who was determined to be 35

71726

LA 62-2837

years of age, 5' 7", 170 lbs, dark hair and eyes, Jewish descent, and these three persons engaged in conversation in front of [redacted] store. DRAGNA was seen to enter an automobile which was determined to be registered to one [redacted]. This was a 1941 Plymouth coupe and it is believed DRAGNA was driving this car inasmuch as his own automobile had been involved in an accident.

Along these same lines the informant reported on November 22nd that JACK was told "to come to [redacted] I want to talk to you".

On October 29th an unknown individual contacted DRAGNA according to the informant and asked that JACK see him as soon as possible. DRAGNA at the time was ill in bed with a stomach ailment but he told the informant that he would leave immediately to contact this person who lived at 907 Bellevue, Glendale.

On October 29th [redacted] contacted DRAGNA and offered the latter his services in any way that they could be utilized. [redacted] told JACK that he had advised [redacted] to go with the new service and went on to say that [redacted] is no good and that the latter has never done anything but harm to [redacted] while JACK and his associates have never done anything but good. [redacted] went on to say that he was extremely busy at the time getting [redacted] "big edition" but on the streets and [redacted] continued saying that in his opinion [redacted] is as clean a guy as has ever been in and that the coming election for Attorney General looked like a cinch for [redacted] went on to say that he had been talking to [redacted] and [redacted] had stated that RAGAN had died of an overdose of pheno-barbital, a sleeping powder. Both men laughed heartily at this discussion of RAGAN's death and DRAGNA summarized it by saying something to the effect that he didn't know what went on back in Chicago. [redacted] closed the conversation by saying that he would pass the good word about DRAGNA's service which the latter thanked him for.

LA 62-2837.

71727

[redacted] have been written up in previous crime survey memoranda. The allegation is frequently made that [redacted] operates as a shake-down artist securing funds from public officials in return for not publishing facts or allegations concerning their activities.) b7c

On November 17th the informant reported that an individual named [redacted] residing at the Hollender Hotel in Cleveland, Ohio, called DRAGNA and asked to see SIEGEL who was in Las Vegas. [redacted] (who has been mentioned in the CAPCA case.) [redacted] and JACK carried on quite a friendly conversation inquiring about their respective families and a person named [redacted] (phonetic) came on the phone and said hello as did [redacted] and an unknown individual who allegedly owns a fighter named [redacted] b7c

As of possible general interest informant reported on November 27th that JACK and LOU DRAGNA were discussing ways and means of getting out of jail in San Diego. [redacted] b7c

[redacted] The DRAGNA's indicated that moves had been made to get certain persons well disposed towards [redacted] parole but that the [redacted] of San Diego did not favor the idea and some means would have to be found of approaching [redacted]

Certain of DRAGNA's acquaintances were interested in the recent proposition on the California ballot to legalize dog racing and on October 22nd an unknown person in San Diego was telling JACK that certain of the latter's friends were interested in the movement. He named [redacted] b7c

Allegedly the last name has invested \$2500.00. At the same time reference was made to the fact that [redacted] who has been discussed in detail in crime survey memoranda) "had 20 G's in the thing".

Informant has stated on several occasions that DRAGNA frequently dines at Lucey's Restaurant, and apparently DRAGNA frequently cashes checks at this place. JACK one time told an individual named [redacted] at Lucey's that he had a \$1900.00 check and after some discussion they agreed that [redacted] would run it through regular channels. [redacted] seemed very anxious to oblige DRAGNA along these lines. b7c

██████████ has had many contacts with ██████████ concerning plans for the wire service, difficulties in San Diego trouble in getting telephones, the sending of a crew out to Los Angeles to properly service Santa Anita, and other matters pertaining to furnishing of wire service. Frequently ██████████ and JACK have made reference to ██████████ has been indicated previously. ██████████ of the wire service called JACK on December 5th and asked to meet JACK which appointment the latter was most anxious to keep and in the meantime he was attempting to find ██████████ also that he also could meet with IRAGNA and ██████████ (on November 27th JACK and ██████████ were discussing ██████████ and the difficulty of the new service and ██████████ said that "I want money." IRAGNA was emphatic that there were not sufficient funds to enable him as yet to send money to Chicago. On one occasion JACK was talking to ██████████ and in discussing ██████████ mentioned above and the possibility of their getting to him. "We'll leave it to RON",

BENJAMIN "BUSY" SINGH

BENJAMIN SIEGEL has been in and out of Los Angeles on several occasions since the submission of the last report. He is presently maintaining an apartment at the Chateau Marmont Apartments, located on the Sunset Strip. He and VIRGINIA HILL live here when in Los Angeles as man and wife and they are registered as Mr. and Mrs. HILL. They occupy penthouse 5-D for which they are paying \$24.00 per day rent. Recently [redacted] paid the rent on this apartment in SIEGEL's absence. His visits to Los Angeles have been over weekends for two or three days at a time and his activities appear to be mainly along social lines as far as is known. He has been devoting considerable effort and time to the construction of his new hotel, The Flamingo, in Las Vegas, Nevada. Considerable information has been received by teletype from Las Vegas which is not being set out herein because the Salt Lake City office is submitting its own report in the BENJAMIN SIEGEL case. References to SIEGEL will be found in that section of this report under JACK DRAGNA and [redacted] showing his connection with their activities.
